

Employable Communities Fund

moving people towards employment

- ✓ Are you a voluntary, community or faith organisation?
- ✓ Does your organisation work to support excluded groups - such as disabled people, people with health conditions, lone parents, over 50's, BME communities?
- ✓ Do you have a new project to progress individuals towards employment?

If your answer to all of the above questions is 'YES' then we would like to hear from you!

The Employable Communities Fund is a grant of up to £12k which encourages groups and organisations within the community, voluntary and faith sector to help target workless-ness, and to move individuals towards employment.

It aims to help groups break down barriers to employment, boost confidence and self-esteem and help people to develop useable skills. That includes young people at school-leaving age who are not in employment education or training.

Interested?

Contact the relevant Project Support agency who will be able to provide you with the necessary forms and will support you in the development of your application.
